Stylish Weekend Travel Bags from Kolobags

Lighten up for summer, both your load and the color of the bag that you carry. It's easy enough to find a black wheeled bag, but Kolobags' selection of bright colored carry-ons, laptop bags, and luggage is worth writing home about. For the classy lady with a little sass, the Mellow World Rolling Duffel features artistic details of floral tapestry and will fit into the overhead bin. Speaking of overheads, the Rimowa multi-wheel salsa air not only fits, but that glides effortlessly down the aisle on four wheels and is made of super-light polycarbonate. A favorite color that is hard to keep stocked is the stunning purple, a color that won't be overlooked and is available in a 26" size as well. For a bold, modern appeal, the Britto Collection by Heys features vibrant colors and images of world-renowned, contemporary artist Romero Britto. The collection is available solo or in a full set, including a laptop sleeve, a rolling laptop case, or two sizes of rolling luggage.
